

My Lords and Ladies,

These evenings are fun and a good time is generally had by one and all. The basic cost is £1250.00 for the bare minimum of 50 persons. Thereafter, £25.00 per head.

This price includes Hot Mulled Wine on arrival, the Banquet Feast, entertainment in the form of Jesters to assist the evening's frivolities and also to put the unwary in The Stocks with a Disco to follow can be arranged, upon request.

The evenings start from 8.00pm, where a King and Queen can be chosen, and continues until 11.15pm. Our Restaurant will be attired with bench seating and long tables covered in hessian sacking, as Medieval Lords and Ladies of Olde did do, facing the King and Queen. A throne for the King and Queen will be set in place and, of course, Stocks, for those who refuse to submit to the King and Queens command, or refuse to revel enough.

The Restaurant can comfortably accommodate 90 people for such an evening.

I hope the above information has assisted you with your enquiry. Should you have any further queries, please do not hesitate to contact us by message pigeon, number 01534 611111.

Hoping our messenger's horse sped this draft to you without much faltering.

The Olde Candlelight

Fancy dress can be fun...thank you for trying... but for the busy bees whom have not got the time to shop around, here are a few tips... Don't forget that the hat or hair band on the head is the most effective, as you will be sitting most of the time...

First of all, be comfortable...! Wear your jeans, a pair of boots, a big shirt, a big belt; try to get a hat from Horseplay or an old one with a feather. Belts can be replaced by woolens or silk scarves. You can also wear the scarf across the chest or in your hair....

You can tie up laces or strings round your legs to simulate boots.... Jewellery, chains, tassels, bits of rope can all be used as ornatons Colored opaque tights, tunics, belts and hats are actually quite easy to produce for boys and girls....

Boys could be... Henry V111, Kings and Lairds, Robin Hood, Monks, Peasants, Shepherds, Quasimodo, Crusaders, Minstrels... etc.

Girls could be... Queens and Dames, Maids, Wenches, Gypsies, Shepherdesses and Pages, (use your leggings!) etc...

So Lords, Ladies, and Gentry...fair thee well and glad tidings!!!

P.S. if finally your inspiration fails some of you, fear not!!!!..., we will throw a cloak on your back and furnish you with a golden paper crown....
